DETAILED ACTION

1. Applicant's amendments and arguments filed on 08 May 2006 have been fully considered and they are deemed to be persuasive.

Continued Prosecution Application

2. The request filed on 08 May 2006 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 10/658,724 is acceptable and a CPA has been established. An action on the CPA follows.

3. This application is in condition for allowance except for the presence of claims 18-26 directed to an invention non-elected without traverse. Accordingly, claims 18-26 been cancelled.

Allowable Subject Matter

4. Claims 1, 4, 6-17, and 27-34 and renumbered as claims 1-22 are allowed over the prior art of record.

Reasons For Allowance

5. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 11, 27, 30 and 34, Applicants particular method and associated systems of efficiently transmitting a result set in response to a data request, the method includes: at a data server, receiving a data request from a

requestor, wherein the data request requests less than all columns of a set of rows of a data table; determining whether the number of columns in the less than all columns is greater than a threshold percentage of all columns in the data table; informing the requestor of the storage format of rows of the data table; and if the number of columns in said less than all columns is greater than the threshold percentage of all columns, for each row in the set of rows; retrieving all columns of the row, as stored in the storage format; and without disassembling the row into columns, transmitting the row to the requestor in combination with other limitations of the claims, was not disclosed by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

The dependent claims, being further limiting to the independent claims, definite and enabled by the specification are also allowed.

Regarding independent claims 14 and 17, Applicants particular method and associated systems of transmitting requested data from a data server, the method includes: receiving a data request from a requestor, said request targeting a subset of the fields of a set of records in a data table; informing the requestor of the storage format of a record of the data table; determining whether the subset of fields comprises a threshold percentage of all fields in the data table; identifying any post-processing to be performed on the subset of fields; for each record in the set of records, retrieving the entire record; and transmitting the set of records to the requestor without: disassembling

any record into the fields of the record; or performing the identified post-processing in combination with other limitations of the claims, was not disclosed by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

The dependent claims, being further limiting to the independent claims, definite and enabled by the specification are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
